## Driveway Painting Permit

This permit is granted for the purpose of painting a yellow "No Parking Zone" at the entrance to a home or business driveway. The Ashland Engineering Department (541-488-5587) must be contacted 48 hours prior to painting so that the layout can be marked by a City inspector. The area to be painted must be masked with a tape or a material to provide a sharp, even edge at the top and bottom of the curb and at each end of the stripe prior to painting. The masking material needs to be removed as soon as the paint has dried. The color must be one of the following yellow traffic paint: Rust-Oleum Professional High Performance Protective Enamel, Safety Yellow Gloss #7543838. Variation of the painted area size is subject to prior approval by the City inspector. Call 541-488-5887 after work is completed for a final inspection. See the reverse side for the Curb Painting Detail.
