Bellview Grange New Moon Lecture Series & Pollinator Project Presents

More Butterflies, More Bees, More Flowers, Please!

Join us to learn about the
Pollinator Project of Rogue Valley
& how Ashland can be a Bee City USA

DOLLY WARDEN of PPRV will discuss our progress in creating a pollinator paradise in the Rogue Valley—from pollinator corridors to reductions in pesticides—and explain how Talent became the second Bee City USA in the country and how Ashland can be third. WE will talk about the importance of pollinator-friendly plants in our private gardens and public spaces and share some of the best choices from our native species.

LAURA BEE, Director of The College of the Melissaes, will share her extensive knowledge of bees, and how our understanding of bee behaviour can help us create a stronger community.

CAROL VOISSEN, Ashland City Councilwoman, will share her vision for a pollinator-friendly Ashland.

Monday, September 22nd

Dessert Potluck @ 6:30 p.m.

Presentations @ 7:00 p.m.

Please bring your favorite non-GMO dessert to share!

The Bellview Grange, 1050 Tolman Creek Road, Ashland
